## EXCERPT FROM RULES AND ORDERS RELATING TO PRIVATE BILLS.

## RULE 59.

**ALL APPLICATIONS** for Private Bills, properly the subject of legislation by the Legislative Assembly of British Columbia, within the purview of the "British North America Act, 1867," whether for the erection of a Bridge, the making of a Railway, Tramway, Turnpike Road, or Telegraph or Telephone Line; the construction or improvement of a Harbour, Canal, Lock, Dam, Slide, or other like work; the granting of a right of Ferry; the incorporation of any particular trade or calling, or of any Joint Stock Company; or otherwise for granting to any individual or individuals any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which in its operation would affect the rights or property of other parties, or relate to any particular class of the community, or for making any amendment of a like nature to any former Act,—shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such notice to be published as follows:—

In the **BRITISH COLUMBIA GAZETTE**, and in one newspaper published in the District affected, or if there be no newspaper published therein, then in a newspaper in the next nearest District in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration of the Petition, and copies of such notice shall be sent by the parties inserting such notice to the Clerk of the House, to be filed amongst the records of the Committee on Standing Orders.

57. No Petition for any Private Bill shall be received by the House after the first ten days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any Report of any Standing or

Select Committee upon a Private Bill be received after the first four weeks of each Session, and no Motion for the suspension or modification of this Rule shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committee charged with consideration of Private Bills, who shall report thereon to the House. And if this Rule shall be suspended or modified as aforesaid the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the Petition has been received after the time hereinbefore limited, shall in either case pay double the fees required as herein mentioned, unless the House shall order to the contrary. Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight days before the opening of the Session, a printed copy of such Bill, a copy of the Petition to be presented to the House, *together with the notices published.* At the time of depositing the Bill, the applicant shall also pay to the Clerk of the House a sum of three hundred dollars. If a copy of the Bill, Petition and notices shall not have been so deposited in the hands of the Clerk of the House at least eight days before the opening of the Session, and if the Petition has not been presented within the first ten days of the Session, the amount to be paid to the Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the fees paid shall be returned.

60. Before any Petition, praying for leave to bring in a Private Bill for the erection of a Toll Bridge, is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by Rule 59, also at the same time and in the same manner, give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

61. All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the clauses of the General Acts relating to the details to be provided for by such Bills:—Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the General Act is proposed to be departed from. Bills which are not framed in accordance with this Rule shall be re-cast by the promoters and re-printed at their expense before any Committee passes upon the clauses.

65. All Private Bills shall be prepared by the parties applying for the same, and printed in Small Pica type, twenty-six ems by fifty ems, on good paper, in imperial octavo form, each page when folded measuring  $10\frac{3}{4}$  inches by  $7\frac{1}{2}$  inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. Two hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

By new Rule 65A, passed on the 2nd April, 1901, (*see Journals, 1901, page 58*), a model form of Railway Bill is adopted.

By 65B all Bills to incorporate or amend Bills incorporating railway companies are to be drawn in accordance with the Model Bill.

The provisions contained in any Bill which are not in accord with the Model Bill shall be inserted between brackets.

Any exceptional provisions that it may be proposed to insert in any such Bill shall be clearly specified in the notice of application for the same.

Under a new rule, *see Journals 7th March, 1908*, in the case of Bills to Incorporate Companies, in addition to the fee of \$300 mentioned in rule 57,

fees calculated on the capital of the company are payable at the same time. Further particulars can be had on application to the undersigned.

[933.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 13th day of May, 1910.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-  
GENERAL IN COUNCIL.

HIS Excellency, in virtue of the provisions of subsection (b) of section 3, section 38, and subsection (k) of section 76 of "The Dominion Lands Act," and by and with the advice of the King's Privy Council for Canada, is pleased to approve and doth hereby approve of the annexed regulations for the leasing and administration of lands containing limestone, granite, slate, marble, gypsum, marl, gravel, sand, or any building stone in the Provinces of Manitoba, Saskatchewan, and Alberta, the North-West Territories, within twenty miles on either side of the main line of the Canadian Pacific Railway in the Province of British Columbia, and in the tract of three and one-half million acres acquired by the Government of the Dominion from the Province of British Columbia and referred to in subsection (b) of section 3 of "The Dominion Lands Act."

RODOLPHE BOUDREAU,  
*Clerk of the Privy Council.*

"Minister" shall mean the Minister of the Interior.

"Quarrying location" shall mean a tract of Dominion land containing limestone, granite, slate, marble, gypsum, marl, gravel, sand, or any building stone.

"Locator" shall mean the person who locates or stakes a quarrying location in the manner prescribed in these regulations.

"Year" shall mean a period of twelve calendar months.

"Surveyed land" for the purpose of these regulations shall mean any section or part of a section, or other parcel of land of an area not greater than one section, of which at least three of the boundaries have been defined by actual survey on the ground and all the corners of which have been posted and the plan of which has been approved by the Surveyor-General; and shall also mean any legal subdivision or part of a legal subdivision, one of the boundaries of which has been surveyed and posted on the ground and the plan of which survey has been approved by the Surveyor-General.

1. Dominion lands containing limestone, granite, slate, marble, gypsum, marl, gravel, sand, or any

building stone in the Provinces of Manitoba, Saskatchewan, and Alberta, the North-West Territories, within twenty miles on either side of the main line of the Canadian Pacific Railway in the Province of British Columbia, and in the tract of three and one-half million acres acquired by the Government of the Dominion from the Province of British Columbia and referred to in subsection (b) of section 3 of "The Dominion Lands Act," may be leased by the Minister at an annual rental of one dollar (\$1) an acre, payable yearly in advance for the purpose of quarrying out and removing therefrom stone or other material mentioned therein:

Provided that no lease for a quarrying location shall convey any right to salt, coal, petroleum, natural gas, gold, silver, copper, iron, or other minerals, within or under the land covered by the lease, or any exclusive right or other property or interest in, or any exclusive right or privilege with respect to any lake, river, spring, stream, or other body of water within or bordering on or passing through the land covered by the lease:

And provided further that these regulations shall not apply to School Lands, or to any land comprised within the Rocky Mountains Park of Canada, or within Dominion Forest Reserves, or to land within the Jasper Forest Park of Canada, or other reserves made by Parliament or by Order of the Governor in Council, or to land within an incorporated city, town, or village, unless otherwise specially provided by the Governor in Council.

2. The term of the lease shall be twenty-one years, renewable for a further period of twenty-one years, provided the lessee furnishes evidence, satisfactory to the Minister, to show that during the term of the lease he has complied fully with the conditions of such lease, and with the provisions of the regulations regarding the disposal and operation of quarrying locations, which may have been made from time to time by the Governor in Council.

3. The maximum area of a quarrying location shall be 40 acres, more or less, and no person shall be allowed to locate more than one location:

Provided that a person who has been granted a lease for a location, and who subsequently abandons or assigns the same, may, after the expiration of twelve months from the date of the said lease, be permitted to make another location:

Provided, further, however, that such right of relocation shall not be granted unless all payments on account of rent, or other liability to the Department, due by such person, have been fully made, up to the date of the registration by the Department of the assignment of his right to such lease, or up to the date upon which the notice of his abandonment of the same was received by the Department.

4. The location applied for, if it comprises surveyed land, shall consist of a legal subdivision or part of a legal subdivision:

Provided that parts of two adjoining legal subdivisions may be included in a quarrying location, but the whole area shall not exceed half a mile in its greatest dimension, nor shall the length exceed twice the breadth.

5. Application for a location comprising surveyed land shall be filed by the locator in person with the Agent of Dominion Lands for the district in which the location is situated. The application shall contain a full description by legal subdivision, or part of legal subdivision, section, township, and range of the land applied for, and shall be accompanied by a declaration from the locator to the effect that the land comprised within the location contains, in merchantable quantities, the material of the class applied for by the locator.

6. Application for a quarrying location situated in unsurveyed territory shall be filed by the locator in person with the Agent of Dominion Lands for the district in which the location is situated, within thirty days from the date upon which the location applied for was staked in accordance with section 7 of these regulations. If, however, the location is situated more than 100 miles from the office of the Agent of Dominion Lands the locator shall be allowed one additional day for each ten miles, or fraction thereof, in excess of 100 miles. If the application is not filed within the time prescribed, it shall not be considered.

7. Application for a stone-quarrying location situated in unsurveyed territory shall contain a description by metes and bounds of the location applied for, and shall be accompanied by a plan showing the position of such location in its relation to some prominent topographical feature or other known point. The plan shall contain sufficient data to admit of the position of the location applied for being definitely shown in the records of the Department. The maximum area of the location shall be 40 acres, and it shall not exceed half a mile in its greatest dimension, nor shall the length exceed twice the breadth. The location shall be rectangular in form except where a boundary of a previously located tract is adopted as common to both locations.

The application shall be accompanied by evidence, supported by affidavit of the locator, to show that the following requirements have been fully complied with:—

(a.) That the location contains, in merchantable quantities, material of the class applied for by the locator:

(b.) That the location has been defined on the ground by the locator in person by planting two wooden posts, at least 4 inches square and standing not less than 4 feet above the ground, such posts being numbered "1" and "2," respectively. The distance between post No. "1" and post No. "2" shall not exceed 2,640 feet, and upon each post shall be inscribed the name of the locator, the class of material which the land contains, and the date of the location. Upon post No. "1" there shall be written, in addition to the foregoing, the words "initial post," the approximate compass bearing of post No. "2," and a statement of the number of feet lying to the right and to the left of the line between post No. "1" and post No. "2." Thus (initial post, direction of post No. "2" is.....feet lie to the right and.....feet to the left of the line between post No. "1" and post "No. 2"):

When the tract which an applicant desires to lease has been located he shall immediately mark the line between post No. "1" and post No. "2," so that it can be distinctly seen, in a timbered locality by blazing trees and cutting underbrush, and in a locality where there is neither timber nor underbrush he shall set posts of the above dimensions or erect mounds of earth or rock not less than 2 feet high and 2 feet in diameter at the base in such a manner the the line may be distinctly seen:

(c.) All the particulars required to be inscribed on posts No. "1" and No. "2" shall be set out in the application and shall be accompanied by a plan showing the position of the tract in its relation to some prominent topographical feature or other known point, such plan to contain sufficient data to admit of the location being shown definitely on the records of the Department:

(d.) The locator shall post a written or printed notice on a conspicuous part of the location applied for, setting out his intention to apply within thirty days from the date of such notice for a lease of the quarrying rights under the said location:

(e.) The application shall be accompanied by evidence, supported by the affidavit of the locator in due form, to show that the above requirements of the regulations have been fully complied with.

8. Where two or more persons lay claim to the same location, or to portions of the same locations, the right to acquire a lease shall be in him who can prove to the satisfaction of the Minister that he was the first to take possession of the tract in dispute by demarcation in the manner prescribed in these regulations, and that he made application for a lease thereof within the specified time.

9. As soon as the survey of a township has been confirmed, all quarrying leaseholds embracing any portion of such township so surveyed and confirmed shall, if the Minister so directs, be made to conform to the Dominion Lands system of survey by the substitution of a new lease describing by legal subdivisions of sections, or regular portions of legal subdivisions, as nearly as may be the tract embraced in the leasehold in so far as the township so surveyed is concerned.

The balance of the leasehold, which may be still in unsurveyed territory, shall continue to be

described as in the lease originally issued, until such portion is included in a confirmed survey.

10. As soon as the survey of a township has been confirmed all quarrying leaseholds embracing any portion of the township so surveyed and confirmed shall be subject to the withdrawal forthwith from the lease, without compensation to the lessees, of any portion which, in accordance with such confirmed survey, are found to be the property of the Hudson's Bay Company:

Provided, however, that upon such withdrawal being made from any location in good standing, the rental paid on the land so withdrawn, in whole or in part, may, in the discretion of the Minister, be refunded to the lessee.

11. The lessee shall commence active operations on his leasehold within one year from the date upon which he may be notified by the Minister of the Interior to do so, and shall quarry out or remove from such location the quantity of stone or other material covered by the lease, as the case may be, specified in the said notification. Such notification shall not be given until the expiration of at least one year from the date of the lease, and shall set out the quantity of stone or other material which the lessee is required to quarry out from such location, which quantity may be increased from time to time, upon thirty days' notice to that effect being given to the lessee, but in no case shall the maximum quantity of stone or material required to be taken out exceed 5 cubic yards per annum for each acre leased. In case operations are not commenced within the time specified in the notice, or if the required quantity of material is not quarried out during each year, the lease shall be subject to cancellation in the discretion of the Minister.

12. The lessee shall not assign, transfer, or sublet the rights described in his lease, or any part thereof, without the consent in writing of the Minister being first had and obtained.

13. The boundaries beneath the surface of quarrying locations shall be the vertical planes or lines in which their surface boundaries lie.

14. The lease shall be in such form as may be determined by the Minister of the Interior, in accordance with the provisions of these regulations.

15. A fee of \$5 shall accompany each application for a lease, which will be refunded if the rights applied for are not available, but not otherwise.

16. The locator shall be given a period of thirty days from the date of the receipt of his application within which to pay to the Agent of Dominion Lands the full amount of the rental for the first year of the term of the lease, at the rate of one dollar (\$1) per acre, and upon the receipt of such rental, if the application is granted, the lease shall be issued and shall bear date from the day upon which the application was received by the Agent. If the rental is not paid within the time specified, the application shall absolutely lapse, and the right applied for shall become available for other disposition.

17. If, during the term of the lease, the lessee shall fail to pay the rental in advance for each subsequent year, at the rate of one dollar (\$1) an acre per annum, within thirty days after the date upon which the same became due, the lease shall be subject to cancellation in the discretion of the Minister and to the immediate forfeiture of all rights granted thereunder.

18. A person operating a quarrying location shall furnish the Agent of Dominion Lands for the district in which the location is situated with sworn returns every six months, or at such times as the Minister may direct, accounting for the full quantity of merchantable stone or other material quarried out or removed from the location.

19. Every lessee of quarrying rights which are not being operated shall furnish the Agent of Dominion Lands with a sworn statement to that effect at least once in each year.

20. In case the surface rights of a quarrying location are covered by a timber licence, grazing or petroleum lease, mining claim, or other form of terminable grant which does not contemplate the issue of patent, the lease shall not authorise entry

thereon except the permission of the Minister is first had and obtained, and such permission shall be given subject to such conditions for the protection of the rights of such lessee or licensee as it may be considered necessary to impose.

21. In case the mineral rights in any land comprised within a quarrying location are or have been disposed of by the Crown, and the lessee of such mineral rights cannot make any arrangement with the lessee of the quarrying location, or his agent, or the occupant thereof, for entry upon the location, or for the acquisition of such portion of the surface rights as may be necessary for the efficient and economical operation of such mineral rights, he may apply to the Minister for permission to submit the matter in dispute to arbitration. Upon receiving such permission in writing it shall be lawful for the lessee of the mineral rights to give to the lessee of the quarrying location, or his agent, or the occupant, to appoint an arbitrator to act with another arbitrator named by the lessee of the mineral rights in order to determine what portion of the surface rights the latter may reasonably acquire for the efficient and economical operation of the rights and privileges granted him under his lease, the exact position thereof, and the amount of compensation to which the lessee of the quarrying location, owner, or occupant shall be entitled.

The notice mentioned in this section shall be according to a form to be obtained upon application to the Agent of Dominion Lands for the district in which the lands in question lie, and shall, when practicable, be personally served on such lessee of the quarrying location, or his agent, if known, or occupant, and after reasonable efforts have been made to effect personal service without success, then such notice shall be served by leaving it at, or sending it by registered mail to, the last-known place of abode of the lessee of the quarrying location, agent, or occupant, and by posting a copy in the office of the Agent of Dominion Lands for the district in which the land in question is situated. Such notice shall be served if the lessee of the quarrying location or his agent resides in the district in which the land is situated, ten days; if out of the district, and if in the province or territory, twenty days; and if out of the province or territory, thirty days, before the expiration of the time limited in such notice. If, within thirty days from the date of the service of such notice, the lessee of the quarrying location, or his agent, or occupant refuses or declines to appoint an arbitrator, or when, for any reason, no arbitrator is so appointed in the time limited therefor in the notice provided for by this section, the Agent of Dominion Lands for the district in which the lands in question lie shall forthwith, on being satisfied by affidavit that such notice has come to the knowledge of such lessee of the quarrying location, his agent, or occupant, or that such lessee, agent, or occupant wilfully evades the service of such notice, or cannot be found, and that reasonable efforts have been made to effect such service, and that the notice was left at the last place of abode of such lessee, agent, or occupant, appoint an arbitrator on his behalf.

22. In case the two arbitrators cannot agree upon the award to be made, they may, within a period of ten days from the date of the appointment of the second arbitrator, select a third arbitrator, and when such two arbitrators cannot agree upon a third arbitrator, the Agent of Dominion Lands for the district in which the land in question is situated shall forthwith select such third arbitrator.

23. All the arbitrators appointed under the authority of these regulations shall be sworn before a Justice of the Peace to the impartial discharge of the duties assigned to them, and after due consideration of the rights and needs of both lessees, they shall decide as to the particular portion of the surface rights which the lessee of the mineral rights may reasonably acquire for the efficient and economical operation of the rights and privileges granted him under his lease, the area thereof, and the amount of compensation therefor to which the lessee of the quarrying location or occupant shall be entitled.

24. In making such valuation, the arbitrators shall determine the value of the land irrespective of

any enhancement thereof from the existence of minerals therein or thereunder.

25. The award of any two such arbitrators made in writing shall be final, and shall be filed with the Agent of Dominion Lands for the district in which the land is situated within twenty days from the date of the appointment of the last arbitrator. Upon the order of the Minister the award of the arbitrators shall be immediately carried into effect.

26. The arbitrators shall be entitled to be paid a per diem allowance of \$5, together with their necessary travelling and living expenses, while engaged in the arbitration, and the costs of such arbitration shall be borne by the lessee of the mineral rights.

These regulations shall come into force on the fifteenth day of June, 1910. je2

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 13th day of May, 1910.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-  
GENERAL IN COUNCIL.

**H**IS Excellency in Council is pleased to make and doth hereby make the following regulations for the administration of grazing lands in the Railway Belt of British Columbia, the same to replace regulations made by Orders in Council of 4th June, 1904; 5th July, 1904; and 4th September, 1908.

RODOLPHE BOUDREAU,  
*Clerk of the Privy Council.*

#### REGULATIONS FOR THE ADMINISTRATION OF GRAZING LANDS IN THE RAILWAY BELT OF BRITISH COLUMBIA.

1. In the Kamloops Division of the Railway Belt of British Columbia, leases for grazing purposes of lands suitable for grazing but not suitable for agriculture may be granted by the Minister of the Interior after inspection by an officer of the Department for a period not exceeding twenty-one years.

2. A grazing lease may be granted to an applicant provided he is the actual owner of stock for an area of land at the rate of 60 acres for each head of stock of which the applicant is the owner at the time of application, but no applicant shall be permitted to hold under lease by original application or by assignment more than a total area of 25,000 acres of Dominion lands. A statutory declaration shall be furnished as to the number of stock owned by the applicant at time of application to be placed on the leasehold.

3. An applicant shall be required before issue of lease to have posted up notice for thirty days in at least four different and conspicuous places on the lands applied for and in the post-office nearest thereto, and to furnish a statutory declaration that he has done so, such notice to set forth that he has made application for a grazing lease and to describe the lands applied for.

4. In surveyed territory the land to be embraced by the lease shall be described by township and sections. In unsurveyed territory a description of the tract applied for may be given by metes and bounds sufficiently definite to admit of the location of the tract being shown in the records of the Department, or if required by the Minister, either before or after the issue of the lease, the applicant shall cause a survey of the tract to be made at his own expense, by a Dominion Land Surveyor, under instructions from the Surveyor-General, and the plan and field notes of such survey shall be deposited on record in the Department of the Interior.

5. The lessee shall pay an annual rental at the rate of two cents for every acre covered by the lease.

6. The lessee shall during each of the first three years from the date of the lease place upon the tract leased not less than one head of stock owned by him for every sixty (60) acres of land included in the lease, and shall thereafter during each remaining year of the term of lease maintain on the tract leased one head of stock for every twenty (20) acres of land included in the lease.

"Stock" means horses, cows, oxen, and bulls at least one year old.

The lessee shall on the 1st day of July in each year or as otherwise required by the Minister furnish returns of the number of stock owned by him and placed upon the leasehold.

7. Every lease shall be subject to the condition that the whole or any part of the lands leased may be disposed of under homestead entry without notice to the lessee, or withdrawn without notice to the lessee in the event of any such lands being disposed of under sale or agreement to sell, and the lease shall thereupon become void in respect to the land so entered for or sold.

8. Every lease shall be subject to the condition that the Minister may at any time during the term of the lease give the lessee notice of the cancellation thereof, in whole or in part, and at the expiration of two years from the date of such notice the lease shall so cease and determine.

9. Every lease shall be subject to the condition that, until roads have been located or constructed, the lessee shall not have the right to close off or fence in or otherwise interfere with the use of any existing or necessary trail or trails through the lands leased, and to the further condition that a convenient right-of-way not exceeding sixty-six (66) feet in width shall be and is hereby reserved for the use of settlers, landholders, or others in passing to and from their locations or lands; provided, always, that such settler or landholder or other person shall not damage the property of the lessee, and provided that in the event of any dispute arising as to the use of such trail or right-of-way the decision of the Minister shall be final.

10. If any of the lands leased produce hay, the lessee is not entitled to use, sell, or barter the same, but the lessee may, upon applying to the Agent of Dominion Lands in whose district the land is situated, obtain in accordance with the regulations in that behalf the first permit, free of dues, to cut so much of the hay as the lessee actually requires for the use of his own stock, provided the rental of the leasehold has been paid. The Agent may then issue permits to other applicants, and the permittees will be entitled to enter upon the leasehold to cut and remove the quantity of hay specified in their permits, subject, however, to such conditions as the Minister may think proper for the protection of the lessee.

11. The lessee will not be entitled to break or crop any portion of the leasehold, but the Minister may grant a lessee of grazing lands permission to cultivate and crop such portions of his leasehold as may be considered necessary for the growing of fodder for his stock; provided, however, that no such permission shall be granted for the raising of crops for any other purpose than providing fodder for the stock owned by the lessee, and that the lessee shall not dispose of any fodder so raised by barter or sale without the consent of the Minister.

12. The lease shall be in such form and shall contain such provisions not inconsistent with these regulations as may be determined by the Minister.

13. If a lease is secured by misrepresentation as to the ownership of the stock or other material facts, it may be summarily cancelled.

14. Failure to place or maintain the required number of stock upon the land leased, or to fulfil and other condition of the lease, shall subject the lessee to forfeiture thereof in whole or in part without notice.

15. Whether he be a lessee or not, no person shall be allowed to place sheep upon Dominion Lands in the Railway Belt without permission in writing being first obtained from the Minister.

16. A lessee of grazing lands shall not be permitted to homestead land which is open to entry but situated within any tract leased to another for grazing purposes.

17. Orders in Council of 4th June, 1904; 5th July, 1904; and 4th September, 1908, respecting grazing land in the Railway Belt of British Columbia are hereby rescinded.

18. "Minister" means the Minister of the Interior. je2
